A spin-off title for iOS devices called "Coin Master: Dig Deep" has been released by United Pixelworkers and is available to play online on any compatible browser or directly through an app designed for iPad, iPhone and iPod Touch. This title was released as a limited time premium version with more in-app purchases which

included more levels and content. The PC version of this title has also been released on Steam and is available to download directly from within the Steam application or from its store page. This title is similar to "Coins & Curses 2" except that it includes more in-game content.",

Great idea but... by Crhbxrra on 2021/06/20 20:56 I like this game but when you are done with your board there is no reason to go back to it and play again. This makes it really difficult to get more coins. The game should have a reward system that comes in every few days or something. I feel like I am just wasting time playing the same puzzles over and over without reward.",

Good for a few hours... by Tenderly18 on 2021/06/07 01:27 I have been playing this game for over 4 years now and I kind of got used to it. But now, it is starting to get annoying. The ads are way too long and I feel like they are just there to draw my attention and make money off of people that like this game. Also, sometimes you don't get the payout you think you do for your tickets or gems. There are some things they really need to work on because otherwise the app gets pretty boring after a while.",

The game has been featured by Apple, Google Play and the App Store in multiple regions to promote its release. The mobile version of the game was the "App of the Day" on December 17, 2021 in South American countries, including Argentina, Brazil and Paraguay as well as being featured as a free app in Belgium for two days in April 2021.",

I'm love it by Bella fox on 2021/05/17 05:44 This is so fun for me I play it every day and I love it thank you for making such a wonderful game just one question though. They say we need 2,000 coins to upgrade but we only get 10 coins and if we spin 20 times thats the max 200 coins so how can we get more than that? Even though they have a lot of things have no coin is there any way you can make everything cost less coins? But besides that I think this game is great and fun to play with friends. I love it and I recommend it to anyone who likes playing fun games.",

Good but needs work by MadJoeDandy on 2021/02/16 14:50 Haven't played this in a while but seems like it hasn't been updated much since iOS 8 was introduced. There are a lot of ads but not the annoying adds found in some other games. I get that you need money to keep it running but includes really not necessary. The game is fun and it's OK. It's hard to get rid of those stupid ads though",

Very fun but by Aaawwwwhhhhhh on 2021/01/11 23:29 It is a very fun game and I was loving it until I had played for a few months, then I realized there wasn't much of a point. I feel like if you want this game to be as awesome as it could be you should add some more upgrades. If you play the game for a short period you will be stuck on the same level for a long time. I had been stuck on a certain level for like a month before I decided to play again and it caused me to lose all of my good

placements that I had racked up. If you can add some more tokens or something that would make this game better. Also I don't get why all these people got mad because they didn't get an update that they wanted. Sometimes it takes months to put an update out so if you don't get it then there is nothing we can do about it but still let people know since people are really upset that they didn't get the update they wanted.",

Collectors can customize their individual level progression through quests, tournaments, and collections to make their way from Novice Player all the way up to Expert Collector status. Players have access to four different quest types: Fish, Card, Star, and Coin. Players have the opportunity to win rewards such as coins, cards and boosters, which can be collected through collecting cards or completing quests. The greater the number of stars earned in a quest the better the card will be in game play.",

Best Game Ever by Mr.QuackMcWack on 2021/05/29 03:13 This game is so much easier to play than the other games I've played. There aren't many glitches, and it doesn't take up so much space. It could use some more decorations but it is still a fun game to play, especially when you are bored and have nothing else to do, or when you need something to distract you from your homework or other things you need to do in life. It is a great free way of making people happier with the challenges this game provides.",

"I love this game because anyone can play it, anytime, anywhere. But I just don't quite understand how they are trying to make money. You have these extra lives you win from watching videos or playing other games, but they are not enough unless you spend your actual lives on them through in-app purchases or by downloading another game that requires real money. I would give this game five stars except for the fact that I feel like there's a lot of potential wasted on how they are trying to make money. Hopefully the developers will change their ways."",

In January 2021 Moon Active released another video on Youtube revealing that a version of Coin Master is also under development for the game platform Steam (by Valve Corporation). This version of the game is expected to include new 3D artwork, improved gameplay over previous versions and an updated soundtrack. In March 2021 Moon Active revealed that a new version of Coin Master was on the way to Facebook, however no other details were released.",
