What I do is take advantage of the events and plan out everything that I want. Once the event is over, I will just go to the Marketplace and wait for it to load. I will then go to the Marketplace and set my price at the lowest price that it can buy for a weapon, then I will wait for a few days. During this time frame, I have been able to sell everything that I have in order to get free robux. And also, you are able to see how much time the event would take depending on how many people enter.

I love Roblox, but there are a few issues that I think need to be fixed. I have noticed that there is a lot of adult themes, and people swear a lot (which is not acceptable, it should only be in forums, not in game). It also needs more updates. In my opinion you should only take down the website if you combat online harassment or if someone steals someone else's idea. You can't create an account with your email address or password because the website doesn't know who you are. It only knows your username which is so unfair because someone could send harassing messages to other players without them knowing the real person. You should add more games and less glitches, with more updates. I really hope you take my suggestions into consideration, it would be great if you fixed all the big issues in Roblox.

In October 2021, ArenaNet announced that Guild Wars 2 will be fully free-to-play with no restrictions on level or content,^{[60][61]} due to being released as a core game in China, where games must provide full unrestricted access or it cannot be published by the People's Republic of China's Ministry of Culture. Within a few months, the game had rebounded from the effects of these restrictions, as the player base had grown to exceed that of the Asia server.

They're clearly taking steps in this direction by creating special perks, abilities, etcetera for those who have purchased robux from them. They're also creating clothing items which are being sold for outrageous prices with the sole purpose of being able to differentiate those who pay from those who don't in their game. This is wrong. It's unethical and it should not be tolerated.

The purpose of this update was to improve the player's experience of ROBLOX's website and also earn more revenue for ROBLOX by making users spend more time on their website (thus charging users extra money). The biggest change in this update was the live chat feature, which allows players to communicate with other players while playing and has recently been updated to be implemented directly into every game on the site.

ROBLOX has also joined and partnered with other websites that are similar to it such as Minecraft (Minecraft in ROBLOX) and Robloxian (Minecraft on ROBLOX). These games include games such as MinexCraft, the Grand Theft Auto series, My Top Games, and many others.
